
APARTMENT LIVING, of course, has become increasingly popular in recent years, ranging from duplexes to the multi-multi variety.

It really isn't fair to lump duplexes, tri-plexes or four-plexes into the same general apartment category with some of the massive and mammoth apartment complexes that have been constructed.

There is a tremendous difference among complexes.

Some are virtually cities within themselves.

We know.

Recently we got lost in one of 'em.

-0-

WE WANDERED AROUND for almost an hour before we found the place we were seeking.

And we even had a map.

Admittedly our sense of direction leaves a lot to be desired and, for that reason, generally we leave the navigating to our Dorothy.

But this time even Dorothy became confused by the vastness of the complex (Valley West).

The map was great.

But we began our wandering from the wrong parking lot.

Surprising to both of us because of our small town background was that the people we happened to ask who lived in the complex couldn't help us.

And the map didn't mean anything to them, either.

One party explained he had only moved in a few days before from Texas.

And he was still having trouble finding his own apartment.

A young girl told us she lived in the "family side" of the complex and didn't know about the "adult" section.

We finally got to some sort of a clubhouse. There we were steered, after some false starts, to the proper parking lot where we should have started from an hour before.

From that spot we were able to follow the map.

-0-

NATURALLY, OUR friends were getting concerned.

Jack had left their apartment and had started searching for us.

By the time he found us, however, we were getting warm, literally and figuratively.

We probably could have found their place on our own.

But, after our traumatic experience in the wilds of Valley West, we felt more secure with Jack escorting us the last few steps.

Besides we were getting tired walking.

SPEAKING OF VASTness, we are pleased with the new arrangement of the press table in the council chambers at the City Hall. Now we can keep up with what's going on without depending on smoke signals.

Some of you may recall that, until a few weeks ago, the press table was located in the alcove on the south side of the council chambers.

You might say we were more or less in left field, somewhat removed from the action.

There was really nothing wrong with that particular spot, if one was able to read lips.

But it made it a little difficult to gallop clear across the room to find out the name of the person who was at the mike.

In addition, without field glasses, it was a little difficult to read the various visual aid gimmicks that the staff flashes on the screen from time to time.

Of course, there is a good public address system in the new hall.

But when a councilman or

CEREMONIES AT 9 A.M. AT ROSEMARY FIELD

Campbell Little League to open season Saturday

Opening day ceremonies will begin at 9 a.m., this Saturday, April 22, at the Rosemary School field when the 1972 Campbell Little League season officially gets under way.

More than 500 boys will be assembled on the ball field when the national anthem will be played that signals that the new season is about to begin.

Father Leonard Bose, pastor of St. Lucy's, will give the invocation and newly elected Mayor Bill Podgorsek will toss out the first ball of the year.

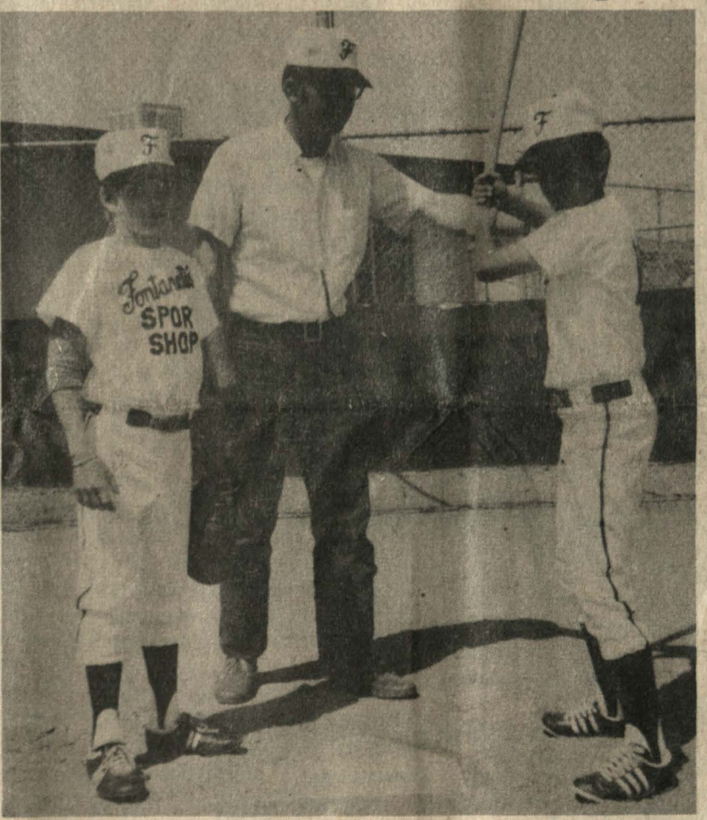
Master-of-ceremonies for the opening will be Bud Stallings, San Jose Mercury sports writer. John Hanrahan, president of the league will give the welcome and introduce city officials who are on hand, including members of the City Council, Police Chief Don Burr, acting Fire Chief Gene Borden, City Manager Bob Stephens and Al La Plante, president of the Chamber of Commerce.

Bob Turk, principal of Rosemary School, will represent the school district.

Special awards will be given at the ceremonies to Campbell Lumber Co. and the Ainsley Corporation. The two firms have sponsored teams in the Campbell Little League for 15 years or more.

Following the introduction of the members of each team and their managers and coaches, Mayor Podgorsek will take the mound to make the first pitch.

First game of the season will be between Campbell Plaza and Robins.



GETTING READY--Neil Williams, manager of Fontanetti Sport Shop team in the Campbell Little League, gives some last-minute batting instructions to Dan Trinidad while Mike Williams, left, poses in the new stretch nylon uniform his team will be wearing.

Campbell Little League opens this Saturday at the Rosemary field and a record 34 teams in four divisions are ready to begin the 1972 season play. Opening ceremonies begin at 9 a.m.

Proposed driveways still cause hangup for "Herfy's"

Efforts will be made around a conference table during the next weeks (before the next meeting of the Planning Commission) to resolve the sticky ingress and egress situation involved in the plans for a new "Herfy's" restaurant, it was decided at the Planning Commission meeting Monday.

Participating in the "conference" will be Myron Alexander and Don Hebard, of the Planning Commission, Bill Helms and Art Kee of the city staff, representatives of "Herfy's" and Philip Chew, of 1161 La Pradera, representing the residents of the area.

Residents on La Pradera have objected to the plans for the new eatery that calls for exit/entrance onto La Pradera.

Even one driveway onto the residential street was objectionable, the residents maintained. The restaurant people, on the other hand, claimed that the development of the site by "Herfy's" would be an asset to the neighborhood and at least one driveway was needed.

City staff personnel have submitted that allowing only egress and ingress on heavily-traveled Campbell Ave. could cause a congestion problem.

The Commission unanimously approved the continuance and conference idea after a 3-3 deadlock resulted in the first vote tried.

Although all (7) commissioners were present (Norm Paul's last session), Oleg Lubeckis abstained on the roll call. The tie resulted.

In other actions, the Commission denied a use permit for J.P. Clark and Fred ReHorn who were seeking approval to operate a private

AFTER 12 YEARS--Dr. Edward J. Rogers, a political science professor at San Jose State and, for 12 years, a Campbell city councilman, and Mrs. Rogers were honored at a retirement dinner at Zorba's last Friday. Rogers did not seek reelection this year.

Mrs. Jeanette Watson presided at the dinner attended by almost 100 well-wishers. Numerous awards were presented the retiring councilman, including a luggage gift from his friends and associates. Highlighting the program was the talk by Mrs. Madeline Rogers, who humorously reviewed some of the "outstanding" events in her role as a wife of a councilman for the past 12 years.

Another feature was the recitation of a "poem" by Bill Wren, public works director, emphasizing the retiring councilman's affinity to trees. Mrs. Watson, at the piano, fittingly played "Trees" as background music while Wren gave his reading.

Spots open up on city commissions

Because of the election to the City Council of Norm Paul, a planning commissioner, and Rusty Hammer, a youth commissioner, vacancies now exist on two of the established city advisory bodies, the Planning Commission and Youth Commission.

In addition, the new seven-member Civic Improvement Commission has now been created by city ordinance.

Thus, there are nine openings for citizens of the city who desire to take an active part in local government affairs.

The appointments to the three commissions will be made by the City Council. Those interested in serving have been asked to submit letters to City Clerk Dorothy Trevethan.

Because of the continuing activities of the Planning Commission, city officials have indicated that they are anxious to fill the vacancy created by Councilman Paul's election as soon as possible.

After the letters of interested people have been received, a Council committee will interview the applicants and make a recommendation.

It is expected that more time will be taken in the selection of the new seven-member Civic Improvement Commission because that body will be coming into existence for the first time.

Where to put city's fire station ? ? ?

What should be the proper future location for the fire station, now adjacent to the city hall on Central Ave., is a question that is bothering city officialdom these days.

The City Council recently indicated that the site on W. Campbell Ave. (near the Congregational Church) specifically acquired for the second station would not be as practical as renovating the present station.

It was felt that a more easterly location would better serve the residential areas east of the freeway.

However, if the station remains where it is, modifications would have to be made in the general plan affecting the north loop street and off-street parking.

Another proposal would be to relocate the station on six lots on Harrison, Grant and Central which, also, would be a costly undertaking.

The Downtown Revitalization Committee, long concerned with the development of the downtown area and the loop streets, recommended last week that it would be better to relocate the present fire station. But the committee, in its recommendation, did not specify where it should go except to specify that another site would better facilitate the "implementation of the downtown plan."

FIRST GLIMPSE

Preliminary plans for the proposed library complex that is to be located on city-owned property between Central and Harrison, across from the city hall, are scheduled to be presented to the City Council next Monday, April 24, by Bill Hedley, architect.

The plans are also slated to go before the supervisors' at their next meeting.

Before construction can start, however, details on the financing of the library must be worked out.

Bill Podgorsek takes office as new mayor

On Tuesday of this week, Vice-Mayor Bill Podgorsek was "promoted" to mayor by his fellow city councilmen, following the "rotation" policy that has been in effect for the past six years.

Prior to the naming of mayor, the three councilmen, Norm Paul, Dean Chamberlin and Rusty Hammer, who were elected on April 11 were sworn in by City Clerk Dorothy Trevethan.

History was made at the swearing-in ceremonies with the seating of Hammer, who will not be 19 until next month. Hammer is the youngest city councilman ever elected in Campbell and is the second youngest in the state.–

Mayor Podgorsek will serve for one year. Chamberlin, who was elected to his second term on the City Council, was named vice-mayor. (Chamberlin served as mayor in 1970-71).

Podgorsek, 43, is a native of Minnesota and has been a resident of Campbell for the past 10 years. He was elected to the City Council in 1968 after serving on the Parks and Recreation Commission and heading the successful park bond campaign in 1969.

Interested observers of the gavel-exchange between outgoing Mayor Ralph Doetsch and the incoming mayor were the parents of Mayor Podgorsek who are visiting here from their home in Duluth, Minn.

Podgorsek and his wife, Arlene, reside at 860 Virginia Ave., with their two children, Kenneth and Kathy. Podgorsek is co-owner of Spartan Printing Co., in San Jose.

NEXT MONDAY NIGHT

Two "consolidation" issues appear on Council agenda

When the newly-organized City Council meets for the first time next Monday, April 24, at 8 p.m. with Mayor Bill Podgorsek, presiding, two questions on "consolidation" will be on the agenda.

The Council, at the request of the county supervisors, has been asked to respond to the question of consolidation of all cities, and the county, into one metropolitan agency.

The question was brought up by Supervisor Ralph Mehrkens and all the cities have been asked whether they would agree to putting the issue on the ballot.

A number of cities have already responded, officially and unofficially in a negative manner.

Although several of the Campbell councilmen have already indicated their opposition, next Monday will be the first time that any official city action will have been registered.

The other "consolidation" matter concerns the scheduling of study sessions on the question of consolidation of the Campbell Fire Department with the Central Fire District.

The issue of consolidation of the two fire departments was originally submitted last year.

A feasibility report was then prepared by City Manager Bob Stephens which indicated that a consolidation of the two fire departments would not be in the best interests of the citizens of Campbell.

However, the City Council took no action on the proposal of the manager's report, but agreed to schedule study sessions in May.

The Council is expected next Monday to set the dates for these sessions.

On the agenda next Monday also is the recommendation of the Parks and Recreation Commission that the mission bell that is located at Winchester Blvd. and Campbell Ave. on the West Valley College temporary campus be relocated to a more visible spot in the Joseph V. Gomes Park at Winchester and Alice.

The El Camino bell, which marks the route traveled by the Spanish padres between the Santa Clara and Santa Cruz missions, has been located in its present spot since 1940 and has been in Campbell since 1912.

However, at its present location, it is so hidden by limbs of a tree that few people know of its existence.

When the relocation move was first suggested, the City Council referred the matter to the Parks and Recreation Commission for recommendation.

In another matter on the agenda, Four-Point Rentals on Camden Ave. is appealing a decision of the Planning Commission which reduced the size of the sign that the firm wanted on its property.

City Attorney Bob Dempster is also scheduled to make a report on the status of the Henry Grattan property on Gilman Ave. The property owner has continuously ignored city directives relative to cleaning up the parcel.

On Monday night the City Council is also expected to review the city's insurance requirements in respect to liability, fire and bonds in preparation to the asking of bids.

Board hears about tax

Differences of opinion over the amount that should be asked for in a tax increase election proposed for July in the Campbell Union (elementary) School District have been indicated in various letters that the trustees received and recorded at the board meeting on April 13.

No action was taken by the trustees at the board meeting but it is anticipated that the question will be on the agenda for the board meeting of Thursday, April 27.

According to Superintendent Jim D'Avis, the decision must be made by May 4, if the election is to be called for July 25. The July vote is necessary, D'Avis explains, in order to make final adjustments in the district's budget during August.

The board met in a special meeting on Tuesday of this week to review plans for the new Quito School office which was destroyed by fire.

City residents to get free trash pickup on April 28

Residents within the city limits of Campbell, who are customers in good standing of the Green Valley Disposal Co., will get a free rubbish pickup on Friday, April 28, as part of the semi-annual clean-up campaign of the community.

Twice each year, once in the spring and once in the fall, Green Valley Disposal, as part of its agreement with the city, offers this free trash and rubbish pickup service.

All debris that is to be picked up must be on the curb in front of the residences before 7 a.m. on Friday, April 28.

The trash and rubbish must be placed in boxes, metal containers or plastic bags tied shut that are light enough for one man to carry. Trimmings must be bundled in four-foot lengths.

No furniture, appliances, boxes of dirt or rocks will be picked up by the disposal firm.

If an old trash can or garbage container is to be removed, a note should be placed on it with that instruction.

The semi-annual clean-up drive is part of the continuing efforts of the Campbell Fire Department to eliminate fire hazards from residential areas and to "dress-up" the community at the same time.

Editorial

In the spotlight

Campbell has received state and nationwide recognition in the election of Rusty Hammer to the City Council on Tuesday, April 11.

It is a tremendous achievement for an 18-year-old youth. (It really does not matter if the town of Ceres also elected a youth who happens to be a few months younger than Rusty, so it cannot be said that Councilman Hammer is the youngest in the state.)

The citizens of Campbell have seen fit to give the responsibility that goes with the office of councilman to a young man in whom they have confidence and they are convinced will do a good job.

He has been given a vote of confidence by his fellow townspeople and that is all that counts.

It does not necessarily follow that it was the young people who elected Hammer, just because this is the first time the 18-year-olds have had an opportunity to vote.

We assume, of course, that those who were voting for the first time would have been inclined to mark their ballots for one of their age group. That would be only logical.

But it was no single age group or any particular segment of the city that made Rusty Hammer a councilman. The citizens of Campbell elected him.

It is not important now whether one section of this city had more to do with electing the youngest councilman in this city's history than another.

What is far more important is that Councilman Rusty Hammer represents the entire city and that holds true whether a councilman is 18 or 80.

It can be said that Rusty Hammer is on somewhat of a spot.

Obviously his actions and his attitude during the next four years will be scrutinized carefully by observers throughout the state and nation.

He will be held up as an example of how the youth of this country conduct themselves in positions of trust and responsibility.

Obviously there will be those who will be extremely critical.

They will be ready to pounce, if they find a single weakness, for many will be anxious to say "see, we told you so, the kids aren't ready."

But we caution those critics to be fair and just. Before they sound off, be certain that their criticism is not plain old bias coming to the fore.

What we are saying, of course, is that there will be criticism levied at many council actions that will be taken during the next four years.

Decisions will be made unanimously or by 3-2 votes or by 4-1 votes.

Thus it will be grossly unfair to condemn a councilman for his vote solely on the basis of his age, unless a pattern has been established by the voting that indicates that the youthful councilman is not thinking of the city as a whole.

We are confident that is not going to happen in the case of Councilman Rusty Hammer.

Rusty has shown by his actions in the past that he believes in his community. We sincerely believe that he will carry out his duties as a councilman in a fair, equitable and sincere manner.

But this is not to say that he need stifle his youthful enthusiasm or should he put his ideals in the background.

There is a definite need for better communication with the younger generation in order to build a better community within the framework of our government.

The citizens of Campbell by their mandate have indicated that they think this fresh outlook and this younger generation viewpoint has a place in the city hall of Campbell.

We are convinced that Campbell is fortunate in having a young man of Rusty's caliber to present this viewpoint.

Sure, Rusty is on the spot.

But, for that matter, so are the citizens of Campbell.

They made the choice.

We don't think they will be sorry.

planning commissioner would forget to turn on the gadget around his neck, lip reading did become necessary from our "vantage point" in left field, provided, that is, we wanted to hear what the officials had to say.

We used to be quite critical, for example, of Norm Paul, now a councilman, when he served time on the Planning Commission.

Quite often he wouldn't turn his mike on.

But we found out that Norm was not altogether to blame.

You see, there are seven planning commissioners. Norm used to sit on the far end and apparently quite often the plug for his mike would already be in use when it was his turn to bat or pitch.

So it might be that we may have missed some of his sage utterings from time to time.

But we heard enough of 'em to know that he will be an asset on the City Council.

And with only five councilmen sitting up there, there should be enough plugs to go around.

But even if they don't turn on the mikes, now we are close enough to hear what's going on.

Come to think of it, there could be times when we might wish we were back in left field.

Or have a two-way switch at the press table.

-0-

A NUMBER OF PEOPLE have expressed an interest in the El Camino Real mission bell of Campbell since it has been more or less "uncovered" or "discovered" in the columns of this newspaper.

Many, of course, did not know that there was one of the El Camino bells in Campbell, although it has been on Winchester in town for 60 years and in its present location at Campbell and Winchester on school property for 32 years.

The El Camino bells, as you probably know, mark Highway 101 (El Camino Real) between San Diego and San Francisco at approximately 10 mile intervals, the route supposedly used by the padres between their missions.

So why in Campbell, you ask?

Winchester was the route used over the mountains between the Santa Clara and Santa Cruz missions. That's how come the bell.

The bell, of course, has been hidden for years by the limbs of the tree on the temporary West Valley College campus, formerly the elementary school grounds.

So that's why many of you haven't known of its existence, you can't see it.

We suggested that because of its historical nature, it should be placed in a more conspicuous place...e.g., down the road apiece at the mini-park or at St. Lucy's

So we sorta mentioned it out loud.

-0-

RECORDS SHOW THAT the bell was originally purchased by the ladies of Pundita Circle some 60 years ago.

But after that many years, some of the details are a little bit hazy.

However, there are some of the members of that original cultural group still around.

A spokesman for them called us at home recently to voice concern over the bell's future.

She said the few surviving members of the circle who are scattered throughout the area, had heard of our efforts to make the bell more visible and they were not just sure they approved of the idea.

The spokesman added that they planned to sort of take a poll of the membership. She would inform us of their desires.

In the meantime, she suggested very courteously, they would appreciate it, if we didn't move it.

We assured our caller tha we had no intention of phy cally removing the bell sonally.

We just thought t it would be a nice ide peo ple could see the on d only historical landm in our town.

In other words, why hide our bell in a bush?

Our caller submitted that few club members who were left cherished their bell tradition.

They really didn't mind its present tree-shrouded location. In fact they preferred that to a more open spot.

It is a sad commentary, but the little ladies felt that it would be safer from vandals where it is now than in a more conspicuous place.

She added that in a few years they would all be gone, and then the bell could be moved without protest.

We feel that the desires of the surviving circle members should be considered.

Yet we feel that the bell would be safer from vandals if it were in a more open location.

Shucks, it could be removed from its present spot some night and one wouldn't know about it for days.

That reminds us.

We had better go down right now and see if it is still there.

ONE "RETIREE" TO ANOTHER---One of the last official acts of former Fire Chief George Maxwell (right) was the presentation last Friday night to Dr. Ed Rogers of an appreciation award from the Fire Department. Maxwell retired from the Campbell department last week, after serving almost 14 years as chief, to accept the position as Director of Public Safety in Anchorage, Alaska.

The presentation was made at the retirement dinner honoring Rogers for his 12 years (three terms) of service on the City Council. Rogers did not seek reelection. Maxwell was honored at a retirement dinner the week previously.

In the foreground is Mrs. Jeanette Watson who served as MC at the retirement dinner for Dr. Rogers.

Letters to the Editor

NOT CORRECT

Dear Editor,

In the April 12 issue of the Press a review of a movie entitled "Z.P.G." appeared. I would like to add that this movie about a ban on births is completely misrepresented by its title.

Zero Population Growth means that the number of births is balanced by the number of deaths and the population size remains stable rather than increasing or decreasing. It definitely does not mean forbidding babies.

Also, there is a fine organization called "Z.P.G." which in no way supports or is connected with this movie which erroneously presents the concept of zero population growth.

The goal of the organization is to stabilize population size by having smaller families voluntarily, not forcibly preventing the birth of children.

It is very unfortunate that this movie was so entitled, as it will give many people the wrong impression of what "Z.P.G." really is.

Sincerely,
Mrs. Carola Hixson

SUPPORT HIGH SCHOOL !

Dear Mr. Vierhus,

I would like to comment on the community's continued lack of support for Campbell High School. The only students who get any recognition are the ones who are in trouble of some sort.

This gives the people of the community a rather warped idea of what high school students are like. In truth, many, many students are involved in constructive projects that need the support of people outside the school.

The upcoming drama production of "Bye, Bye Birdie" is a perfect example of what good things high school kids can and do accomplish. It takes dedicated people and many hours of hard work to put out a production such as this.

Approximately 50 students are involved in the play, many of whom spend 15 to 20 hours a week building sets and carefully rehearsing lines and dance routines. The members of the orchestra also practice tirelessly. People who can work this energetically and enthusiastically for such a project deserve to be supported to make a success of their endeavor.

Since Campbell is a community school, I feel that local businessmen and merchants (many of whom owe the success of their establishments largely to the patronage of high school students) should get involved in drumming up support for "Bye, Bye, Birdie" by selling tickets or hanging up posters.

There is really no limit to what the community can do to show these hard-working people that their efforts are appreciated.

State to honor fire department

Presentation of the City of Campbell's award for fire prevention activities for the past year will be made on Wednesday, May 2, in the governor's office in Sacramento, the City Council has been informed by letter from Albert H. Hole, state fire marshal.

Lt. Governor Ed Reinecke will make the presentation to representatives of all the cities in the state that placed in the annual fire prevention contest, sponsored by the National Fire Protective Association.

Campbell placed tenth nationwide among all cities and first place in its population category. Campbell took second place in the state.

The Council indicated that Fire Marshal Gene Borden, acting fire chief, should represent the city. Fire Chief George Maxwell retires as of April 14 and on May 1 assumes the duties of Director of Public Safety in Anchorage, Alaska.

club for rental to business groups and women's clubs at 1965 Florence Way in an industrial zone.

The applicants had previously been turned down by both the Planning Commission and City Council in their efforts to use the facility for a youth recreational center and recording studio.

Property owners in the area, led by Jack Craig, have objected to the proposed uses because of the industrial nature of the area.

In another action, the Commission gave John C. Vierhus a five-year limit, from the completion date, in the use of an existing residence at 900 E. Campbell Ave. after its conversion into an office.

Vierhus had asked for 10-years, claiming that that time was necessary to work out proper leasing arrangements. Some confusion resulted over the time that Vierhus would be allotted to complete the remodeling of the residence. The Commission ruled that he would be allowed two years with the five-year limit beginning after the remodeling is completed.

The Commission approves plans for an office building for George Greene at 221 E. Hacienda and also plans for an industrial building at 555 McGlincey for Family Homes.

By a unanimous vote the Commission approved P-D zoning for an area on Union Ave.—Duncanville and extending to E. Campbell now in the process of being annexed to the city.

Approval was also granted Don James and Paul Hanson for an industrial building at 471 McGlincey, including the granting of a variance from the rear yard setback requirement.

The Commission continued action on the plans submitted by Oliver Nelson for a warehouse at 520 McGlincey Lane in a M-1-S zone until the next meeting.

"CARNIVAL" COMING TO CAMDEN HIGH

Camden High School will present an all school musical, "carnival", starting tomorrow, April 20, 21 and 22 at 8 p.m. in the cafeteria.

There are about 130 students in the musical that is costing $1,700 to put on. Asked if they expect to clear this amount, Miss Taylor, drama teacher and advisor of the all school production replied, "yes, we expect to clear the cost of producing the musical."

"According to what students have told me, they are selling tickets very well. "Carnival" will be an evening of delightful entertainment. We have a lot of excellent students involved," said Miss Taylor.

There are currently 1,100 tickets out to the students to be sold at $1 with ASB card, $1.50 without ASB card and $1 for children under 12.

NEW SPIRIT ELECTED

Preliminaries for next year's Varsity and Frosh-Soph were held last Monday, April 10 in the Camden High Band room.

There were 15 Varsity and Frosh-Soph girls who did their cheer or routine in front of a panel which consisted of: student council members, class officers, council representatives and some of last year's spirit commission girls.

Those girls chosen to continue in the finals for the Frosh-Soph were: Sandy Bringuel, Patti Cunningham, Nancy Durbin, Cindy Guillett, Denise Hands, Jeanette Kaneko, and Beth MacDonald, a total of seven girls.

The nine varsity cheerleaders chosen to go to the all school elections were: Kathy Adams, Krista Kmetz, Katie O'Connell, Diana Puz, Doreen Pizzo, Carol Sliter, Rita Stromquist, Nancy Yorkey and Sharen Root.

These 16 girls then did their cheer or routine in front of an all school assembly, April 10. Then there was an all school election on April 11, where five varsity and three frosh-soph were voted into next year's spirit commission. The results of this school election were not known prior to this writing.

INCOMING FRESHMEN WILL PRE-REGISTER

All San Jose State (SJS) incoming freshmen next year will be able to pre-register before the upper classmen.

This bit of information was released to students visiting the school last Wednesday, April 12. The visitation day began at 8 a.m. with a bus picking up students from Leigh, Del Mar, Branham, and Camden.

Following the arrival at the SJS campus all the students proceeded to the Student Union building and the assembly hall that was located inside, where information about general education requirements and various majors was available.

Shortly after this the large group of about 158 students was broken up into smaller groups of about 20 students in each. These groups dealt with your specific or intended major. The group was headed by a student from SJS who took the visiting students on a tour of the campus and answered any questions the students had about college life.

Next on the day's agenda was a slide presentation which was concerned with the background and general information about the school. This was presented with three slide projectors and a musical background.

The visiting students were then allowed to go wherever they wanted and have use of the recreational facilities located in the student union building.

The students could occupy their time before leaving the SJS campus at 1:20 p.m. with bowling, table tennis or pool.

On returning to the high school campus you wonder how anyone could not find a class room in this comparatively small school.

GRADUATION RELOCATION IMPROVES OVERALL CEREMONY

This year's graduating class will hold their ceremony June 12 at 6 p.m. on the football field instead of the usual quad area.

There were four basic problems that the quad area presented and the football field or bleachers will solve.

First of all the graduating class this year is bigger. Last year 355 students graduated and this year 427 will graduate, therefore more parents will be attending.

Second, the overall number of people who attend the ceremony is always increasing each year, therefore more seats are needed.

Third, more space is needed to accommodate these people such as the bleacher area will provide. Last year, 2,10C chairs were set up and still about 1,000 parents and those people who attended were left standing in the back or along the sides.

Fourth, the bleachers would also give everyone a better view and a more overall picture of what is happening.

"I think the dignity and atmosphere of the entire graduation ceremony for both parents and graduates will be greatly improved," said Mr. Purcell, Director of Athletics.

Two main factors were brought up by some students of the graduating class, in this movement were noise and the wind.

The wind is not expected to be a problem because the graduation procedures are at a time when the wind is blowing the least and the weather in June is usually good.

The noise of the passing cars was considered and a couple of highway patrol cars are going to help in remedying this situation.

Conditions that will be improved are, the ceremony will not seem or be as crowded, everyone will have a seat, there will be better sound equipment available, and there will be better visibility for everyone involved.

Also more creative things may be done in decorating or decorations for this extra space that will be available.

THROUGH RAIN, SLEET

It looked as though the Cougars tennis team would not get to show their talents on the courts as a downpour of rain came and canceled the match scheduled against Del Mar last Tuesday.

However the rain let up later on in the week and the Cougars were out on their home territory against the Bruins from Branham.

Starting off first man on the varsity squad was Jeff Addington winning his match, 6-0, 6-0; also winning were Simon Wong, 6-0, 6-1; Jeff Sheets, battled to a 6-2, 5-7, 6-4 win.

Camden won both the varsity doubles teams with Dennis Swan teaming up with Joe Schafer, also battling to a 6-3, 4-6, 6-2 win.

Playing on the second varsity team were Peter Bolino and Jamie Richardson who pulled out the final victory and a team match score of 6-2, 3-6, 6-2.

ADULT ED HONORS---Rev. Anthony Wayne Myers, pastor of the Congregational Church of Campbell, was honored by the Metropolitan Adult Education Senate recently when he was presented with the Lefoli Award for Distinguished Community Service. The presentation was made at the Lefoli fifth annual banquet, which each year singles out community service leaders. Myers was recognized for the contribution of his church in providing services and leadership for adult education, especially for the foreign-born who learn English and citizenship. Metropolitan Adult Education has been conducting classes at the church for several years, enrolling some 60 adults in daily sessions.

Comments on the Movies

X, Y AND ZEE

Elizabeth Taylor came out of retirement recently to make her latest movie "X, Y and Zee", with Michael Caine and Susannah York. She would have done us all a favor if she would have stayed at home and yelled at Richard.

Instead, she once again plays a shrewish wife who becomes even more shrewish when she learns her husband has taken a mistress. Instead of crying or demanding a divorce, she immediately decides to break up the two lovers, even though she seems to despise her husband. She lunges, screams and scratches through what seems like hours of interminable celluloid until she finally manages to find a weakness in her opponent and with one fell swoop, reduces her to a pile of whimpering flesh.

This brand of cinema game, where people prey upon one another until they destroy the psyche, may appeal to Elizabeth, but it nauseates me. Indeed, Miss Taylor's acting abilities could be put to better use. I never cease to wonder whatever happened to "National Velvet".

Michael Caine plays his typical whoring, obnoxious, unfeeling character. Actually, he hasn't improved (or gotten worse) since "Alfie" a few years back. Susannah York was the only breath of fresh air in the whole suffocating fiasco. It was a real shame Elizabeth won the battle, because throughout the movie you were somewhat sympathetic with Miss York, even though she was messing around with another woman's husband.

This film definitely goes down in my book as a movie best forgotten. Hopefully, Elizabeth will someday overcome her preoccupation with the sordid and further develop her potential as a great character actress. My guess is this will never happen because she doesn't seem to take filmmaking very seriously any more. She'll probably just make a movie every time she wants some more jewelry and not be too concerned with its artistry.

If you're determined to see the movie, it's showing at the Almaden Twin Theatre II, Hacienda Cinema III and Meridian Quad III. It's on the same bill at all three theaters with "Doctors' Wives", starring Dyan Cannon ("Bob, Carol, Ted and Alice"), Gene Hackman (recently named Best Actor of the Year) and Carrol O'Connor (TV's Archie Bunker).

"Doctors' Wives" is no great shakes as a movie, but it's miles ahead of "X, Y and Zee". And you won't get stuck TOO badly if you go to see both films on a Sunday dollar matinee like I did. By the way, both movies are rated R.

Included in the six workshops scheduled are two full-length productions, "Cinderella" by Rodgers and Hammerstein, and Irving Berlin's "Annie Get Your Gun."

Registrations and auditions will be held at St. Martin's Church Hall on O'Connor Drive across from O'Connor Hospital on Saturday, May 6 from 1 to 5 p.m., and Sunday, May 7 from 5 to 8 p.m.

Additional registrations and auditions will be at the St. Frances Cabrini Church Hall on Camden Ave. on Sunday, May 14 from 10 a.m. to 1 p.m. There is an $8 registration fee per workshop.

Workshop number one, young people age 8 to 21, will rehearse and perform "Annie" at the St. Frances Cabrini Church Hall on Camden Ave.

NYQUIST GETS TITLE DUNK

Coach Gene Nyquist was dunked in the pool, last Saturday, the first time since 1968 that he's taken such a gratifying plunge.

The dunking came after his Vikings edged De Anza in the Camino Norte Conference finals to nab the league title.

Double winners Tom Riley (Prospect) and Dave Auchard (Leigh) led Valley to the crown.

Viking divers Mark Gary (Buchser), Rich Gurney (Westmont), and Craig Anderson (Saratoga) came through with 18 points which proved the real diffierence in the meet.

Top performers for the Vikes, other than Riley, the divers, and Auchard, included Pete Masley (Los Gatos), Cliff Mohr (Westmont), Eric Johnson (Del Mar), Steve Hodos (Del Mar), Tom Butts (Leigh), Gregg Trapp (Saratoga), Mark Hendrickson (Buchser), Jim Basinger (Leigh), and Gary Fanger (Leigh).

OVALMEN GUN FOR TITLE

WVC track coach, Tom Smith, and his ovalmen will meet top rival De Anza Friday on the Westmont track. Field events will begin at 3:30 p.m. and track events start at 4 p.m. The Vikes already have a share of the conference title.

Valley had little trouble last Friday with Skyline winning 99½-30½. John Murphy (Del Mar) was again the leader with two firsts in the long and triple jumps, and a second in the high jump. WVC gave Skyline only three firsts all day.

Keith Kruse (Camden), Jon Ahmberg (Westmont), Steve Gibson (Saratoga), Mike Bassoni (Camden), Tom Roberts (Leigh), Robbie Anderson (Campbell), Brooks Gregory (Blackford), Randy Carlson (Blackford), and Bruce Fremd all nabbed first places on the day.

The Vikes notched sweeps in five different events. They went one-two-three in the mile, discus, 880, long jump and triple jump.

Ahmberg won the mile ahead of Bert Hume (Campbell) and Ron Grander (Saratoga) and Bassoni won the discus ahead of Bob Johnson and Tom Sorenson (Los Gatos). Carlson took the 880 in front of Mike Schaecher (Branham) and Mike Haniger (Mitty) while Murphy was better than Gibson and Bill Meng (Blackford) in the long jump and Meng and Jeff Hamilton (Leigh) in the triple.

BATMEN IN TITLE RACE

With two big wins last week, one over arch-rival De Anza, the WVC batmen have jumped right back into the thick of the CNC title race. The Vikes outclassed the Dons on Monday 2-1 and came back to outslug Skyline 13-10 three days later and nose two games above the .500 mark for the first time this year. Valley holds a 7-5 record and is in fourth place.

The Vikes, along with league leading Contra Costa, is the hottest team in the circuit with five wins in their last six games. And the two red-hot teams are set to meet Thursday in San Pablo at 3 p.m. Tuesday Valley hosted Solano at Central Park in Santa Clara.

Chuck Behnke (Saratoga) was the hitting star of the De Anza game, Dan Dolen (Los Gatos) was the winning hurler with relief help from Dave Wright (Los Gatos) in the ninth.

In the battle with Skyline, Wright was the winning hurler in the 15 hit Viking effort. Behnke, Glen and Gale Asti (Prospect), Mike Hodgins (Buchser), and Mitch Vierra (Westmont) each belted two hits. Gale Asti smacked a three run homer in the tilt. Jim Dolen (Buchser), Knet Couchee (Los Gatos), and Bob Rasmussen (Branham) all added key hits to keep rallies going in the win.

NETMEN VIE FOR SECOND

The Viking netmen meet Marin twice this week. The first match-up was Tuesday when the two schools battled for the CNC regular season runner-up spot. They meet again Friday at the league's Shaughnessy type play-off.

Last week WVC secured a shot at that second spot with a 9-0 win over Skyline. Jim Martin (Cupertino), Dan Horgan (Santa Clara), Ken Hamilton (Del Mar), Steve Borkenhagen (Santa Clara), Glen Davis, Charles Sharples (Los Gatos), and Guy Garceau (Westmont) all figured in on wins in the match.

GOLFERS ON TOP

Sitting atop the CNC by at least a match and a half, the WVC golfers will wrap up league play in the next two weeks with bouts against three loop foes. The Vikes hold an 8-1 record as they head into the stretch.

The Vikes beat Marin 47-7 and Solano 48-6 last week to keep on top of things in the CNC. John Zetterquist (Del Mar), Mike Stewart (Camden), Todd Styron (Camden), John Panetta (Bellarmine), Randy Johnson, Rick Scott (Del Mar), Jeff Linane (Branham) and Mark Cunningham (Campbell) led the team.

DOUBLE-WINNER — A two-event winner at the Camino Norte Conference finals last weekend, Tom Riley led the West Valley College swimmers to a league championship. Riley ended first and broke the school record in both the 100 and 200-yard breaststroke events at the finals at Solano. Valley edged De Anza in the total team scoring to secure the title. Trustees okay land purchase

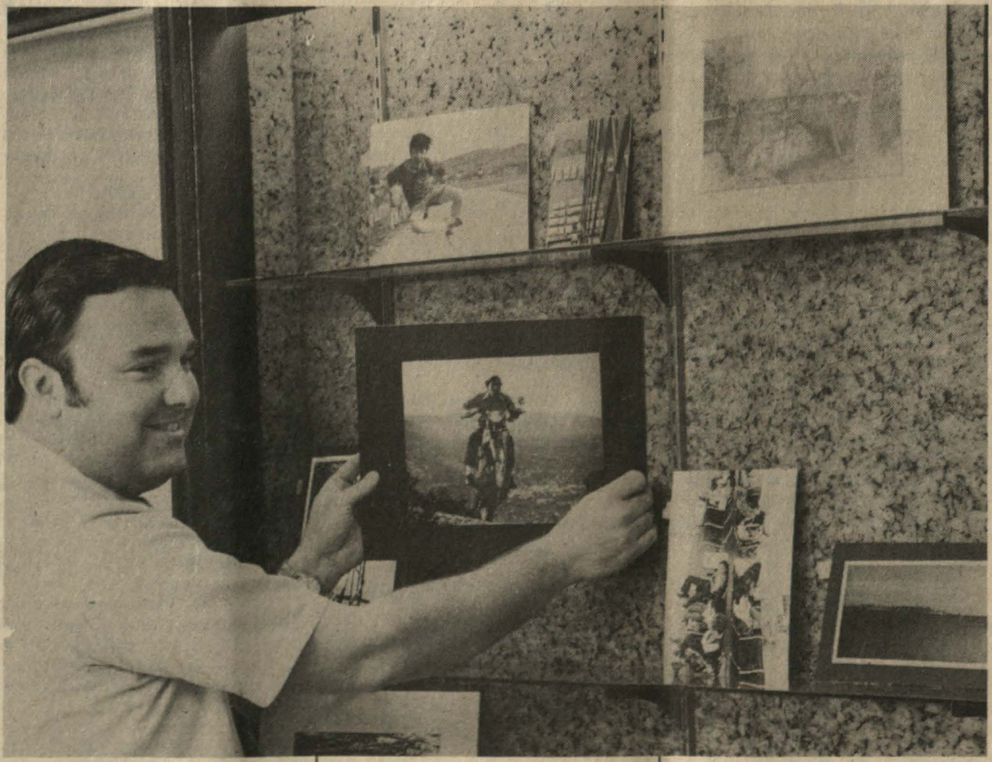
In a special meeting Thursday night West Valley College trustees approved the purchase of an additional 16.53 acres of land on the future Mission Campus site in Santa Clara, at a cost of $22,000 per acre.

West Valley already owns approximately 83 acres of the 163 acre site, north of Bayshore Freeway on Coffin Road, where the college plans a third campus.

The city of Santa Clara holds 19 acres in trust for the college and two parcels, totaling 45 acres, remain to be purchased from the American Savings and Loan.



PRIZED PHOTO — Michael Leary, West Valley College photography teacher, displays the first prize photo in the action division of PRINT '72, a college-sponsored contest for high school students. All entries in the fourth annual competition are on display at West Valley's Saratoga campus in the language arts complex through April.

DARTING AROUND

with Tom Carroll

For a long time it has been the running gag of darting people that the board of the Southern California Darts Assn. carried the weight of the game. Three members of that august group are in the 300 pound catagory. Now comes word that Bill Belasco has joined Weight Watchers with noticable results.

His other board members are calling him unloyal to darts because he won't agree to stop at 301. They consider this a violation of the Dart Loyalty Oath.

Also from SCDA comes word that the Mighty Joe Young is out of the hospital and back playing darts. The lay-off didn't hurt Joe as he popped a 110-away in his first match.

HIGH–OUT

The highest out possible in the game of darts is 170. Two triple 20's and a center bull's-eye. I don't believe it has ever happened in Nor-Cal and up until last week it had never happened in the Southern end of the state.

Ray Ringus is the SCDA player that performed this great feat of skill, but I think he might get drummed out of the Assn. He was so shook at hitting the out that he lost the next two games and the match.

WEEK'S GAMES

Scarlet La Rue I soundly defeated second place Lancashire Lad I in the South Bay League "A" division. The Lads were only two games behind going into last Wednesday's competition. When the smoke cleared they were eight games behind by virtue of a 9-3 loss.

In the "B" division Banbury Clock I strengthened its lead by defeating the second place "Goof-Offs" (Lad III) by a score of 8-4. This moved the Clock ahead by 11 games.

The Sinners (Winchester St. Congregation II) picked up two games on their second place opponents, the Villians of Gaslighter III.

The Saints (Winchester I) tromped on second place Scarlet La Rue II to the tune of 10-2. This shoved the La Rues back to fourth place in the El Camino League "A" division.

By an unusual quirk of scheduling each of the first place teams played the second place teams. This could make for an unusually tough finish as these same games are scheduled for the last week of the season. The season is now half over.

There are no date games scheduled for tonight (April 19).

DART GAMES NEXT WEDNESDAY (April 26)

Gaslighter III at Gaslighter II.

Lancashire Lad IV at Winchester St. Congregation II.

Winchester St. Congregation I at Black Watch I.

Gaslighter I at Lancashire Lad III.

Lancashire Lad I at Lancashire Lad II.

Harold's at Scarlet La Rue's I.

Andy Capp's I at Banbury Clock II.

However, notice is given that a period of 30 days is given to the property owners in which to pay their assessments, and if cash collections are insufficient to meet such monthly estimates, there will be a delay in making such payments until money is received from the sale of bonds issued upon the unpaid assessments.

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER NEEDED FOR HIGHWAY PURPOSES

Project Central I
Parcel No. 2811-106 EX

WHEREAS, the County of Santa Clara has acquired for highway purposes certain real property no longer required for such purposes, such property being more fully described in Exhibit "A", attached hereto and made a part hereof by this reference;

NOW, THEREFORE, be it resolved that pursuant to the authority of Section 960.4 of the California Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above-described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sums of Twelve Thousand Five Hundred Dollars ($12,500.00).

2. The County of Santa Clara has purchased a preliminary title report from Valley Title Company, 300 South First Street, San Jose, escrow number 154668. A copy of such preliminary title report is available for inspection at the title company. The successful bidder shall close the transaction through this escrow.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check, payable to the order of the County of Santa Clara in the amount of One Thousand Two Hundred Fifty Dollars ($1,250.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check in the amount of ten per cent of the minimum price specified in this resolution. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be not less than the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the bidder on a form provided by the County.

No commission shall be paid unless there is contained in the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced in writing, states the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral), or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. In the event there is a tie as to the highest responsible bidder (written or oral), the successful bidder may be determined by lot, or by such other means as determined by the Board of Supervisors. Any sale may be cancelled by County at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days after date of acceptance of bid by the Board of Supervisors, the successful bidder shall:

(a) Pay the balance in full, or

(b) Increase his deposit to not less than twenty-five per cent (25%) of the amount of the bid by deposit with the title company referred to in paragraph 2.

The balance of the purchase price (in a maximum sum of seventy-five per cent of the amount of the bid) shall be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee, such evidence of indebtedness to be secured by a first deed of trust covering the entire parcel being sold. Such note shall be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon delivery into escrow by bidder of all documents and money provided for in (a) or (b) above, County shall deliver into escrow a deed in favor of the successful bidder.

7. The promissory note shall bear interest at the rate of seven per cent per annum.

Said interest shall be paid to County quarterly on the first day of January, April, July and October, commencing with whichever of the last-mentioned months that follows the recordation date of the deed. Each quarterly interest payment shall be computed and prorated on the basis of the unpaid balance prevailing at the beginning of the quarterly period.

A late charge in the amount of 2% of the quarterly interest payment will be assessed if interest payment is not made within 10 calendar days after due date.

The principal obligation under the Note and Deed of Trust may be prepaid in full or in part at any time without penalty. Partial payments shall be applied against the principal obligation.

8. Until the recordation of the deed to the successful bidder, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to comply with any of the provisions of this resolution shall cause the County to terminate the sales proceeding and retain the deposit referred to in paragraph 3.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California, or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property. The property will be sold on an "as is" basis.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and documentary stamp tax, shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

The successful bidder shall deposit into escrow a policy of fire insurance covering any improvements located on the property in an amount satisfactory to and naming the County of Santa Clara as coinsured.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the County of Santa Clara for the sale of property, and only after recordation of the deed. Such commission shall be paid as follows:

(a) If the highest acceptable sealed bid is submitted by a licensed real estate broker, a commission of three per cent of the purchase price. In the event of a tie between two or more licensed real estate brokers as to the highest acceptable sealed bid, the commission of three per cent of the purchase price shall be equally divided between the brokers. No commission shall be paid if the highest acceptable sealed bid is not submitted by a licensed real estate broker. In the event of a tie between a licensed real estate broker and a bidder who submits a bid and is not a licensed real estate broker, as to the highest acceptable sealed bid, the licensed real estate broker shall be entitled to a commission of three per cent of the purchase price.

(b) Three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

SECONDS ANYONE?--- Father Leonard Bose hands plates to Mrs. Joseph Aversente, Mrs. Georgia Wolf and Mrs. Ralph Doetsch as they prepare to stave off the "hungrys" at the spring salad luncheon of St. Lucy's Altar Society.

TICKET TABLE --- Ralph Doetsch, Campbell mayor, and his wife, pause near the ticket table at the recent luncheon of St. Lucy's Altar Society.

Salads galore at Altar Society luncheon

Glistening molded jellos, tossed greens and salad rings garnished the buffet table in St. Lucy's high ceilinged Kennelly Hall when the church's altar society welcomed guests to their annual spring salad luncheon.

Several hundred ladies sampled the tasty array of salads, made by Altar Society members.

Before lining up around the flower-decorated buffet table, the women mingled, munched on chip dip and sipped an exotic fruit-laced "champagne", specially made by the women for the occasion.

As the women finished with their food and fellowship, Mrs. Ralph Doetsch announced raffle and ticket winners.

Among the prizes carried away were a blue afghan, money tree, a handmade, yarn-decorated purse and a number of blossoming pelargonium plants.

WHAT A CHOICE!—Guests at St. Lucy's Altar Society luncheon dig into luscious molds and jellos crowding the buffet table in Kennelly Hall. Most of the women, hard put to choose between a creamy strawberry mold or an olive-garnished salmon ring, end up with a little of everything—which adds up to a plateful!

2.33.040	Duties---Responsibilities.
2.33.050	Council's powers.

2.33.010 Established--Member appointment. There is created a civic improvement commission consisting of seven members, both men and/or women. The civic improvement commission members shall be appointed as follows:

(1) Seven members to be appointed by the council, all of whom shall be residents of the city;

2.33.020 Terms of Office. The seven voting members of the commission shall serve for a period of three years. The first commission to be appointed shall at its first meeting so classify its members by lot that two shall serve for one year, two shall serve for two years, and three shall serve for three years. At the expiration of each term so provided for, a successor shall be appointed by the council for a term of three years. All subsequent new terms commence in January of each succeeding year and the expiration date for expiring terms shall be in December of each succeeding year.

To aid the council in selecting members for appointment, it shall be the duty of the civic improvement commission to suggest qualified and interested persons eligible for appointment for each vacancy to be filled; although selection is not limited to such nominations.

Vacancies in the commission occurring otherwise than by expiration of term shall be filled in the manner herein set forth for the unexpired term of the commissioner leaving the commission.

2.33.030 Organization. Within fifteen days after their appointment the members of the commission meet in regular session and elect a chairman, and a vice-chairman. Their duties shall respectively be such as are usually carried by such officers. Officers shall hold office for one year. All subsequent appointees to the commission shall take office in January of each succeeding year.

The Commission shall adopt rules and regulations to govern procedures and shall by vote set a time for regular meetings which will be held at least one each month and shall determine the manner in which special meetings may be held and the notice given. A majority of the regular members shall constitute a quorum. Unexcused absence from three consecutive regular meetings, shall be deemed to constitute the retirement of such member and the position declared vacant.

Minutes of the commission shall be filed with the clerk, the city attorney, the city manager, and the members of the commission. The City Manager shall designate appropriate staff support.

2.33.040 Duties--Responsibilities. The duties of the civic and improvement commission shall be to:

(1) Act in an advisory capacity to the council and to cooperate with other governmental agencies and civic groups and voluntary organizations in the areas of cultural needs, health and welfare services, beautification, environment, library needs, historical needs and problems of youth and senior citizens.

(2) To identify community needs and problems within the scope of concerns assigned to the Commission.

(3) To provide channels for the expression of community needs and problems as previously enumerated.

(4) To advise the City Council as to what available resources could be used to deal with them.

(5) Interpret the policies and functions of the civic improvement commission to the general public.

(6) To promote community interaction in all phases of civic needs as the City grows and changes in its new environment.

(7) Advise the city manager and city council of the needs for moneys during preparation of the annual budget for civic improvement programs and recommend a long range capital improvement for these projects.

2.33.050 Council's powers. Nothing in this chapter shall be construed as restricting or curtailing any of the powers of the council or as a delegation to the civic improvement commission, or any of the authority or discretionary powers vested and imposed by law in the council. The council declares that the public interest, convenience, welfare and necessity required the appointment of a civic improvement commission to act in a purely advisory capacity, to the council and other agencies.

Mrs. Ronald Rimkus, president (second from left), points to the on-grounds school building for the benefit of (left to right), Jack Kingsbury, Rex Morton, Deloris Tenneson and Maxine Smiley. Eastfield, founded in the 1860's as The Home of Benevolence of San Jose, was moved to 251 Llewellyn, Campbell, in 1958. Children from all areas are served.

THANK YOU

I would like to thank all of the people who helped me in my campaign for the Campbell City Council. Our victory was a victory for the issues that we all believe in.

I hope that I am worthy of the faith and confidence that the voters of Campbell have placed in me. I will do the best job that I can.

A promising array of local talent will gather at the First United Methodist Church of Campbell at 7 p.m. on Saturday, April 29 to present "The Star Spangled Review" in the Fellowship Hall, decorated for the occasion with red, white and blue.

"The Golden Girls", a recently-formed choral group known for their fresh and exuberant performances, will close the Methodist fund-raising evening with a medley of songs.

Proceeds will go into the general fund of the church. Tickets are priced at $2, adults and $1, children under 12. Reservations may be obtained by phoning 378-3472, daytime or 264-4782, evenings and weekends.

Disturbed teens need homes

DISTURBED TEENS

Emotionally disturbed young people who have been treated in the psychiatric wards of local hospitals need additional time to become stable before they return to their former homes.

Local families are needed to provide a warm environment for young people to grow and develop in, for periods ranging from a few months to several years.

The teens need guidance in getting along with others, in developing self-discipline and self-confidence and in following practical routines, like taking medications.

The Community Services Branch of the State Department of Social Welfare, 1885 The Alameda, which locates homes for the teens offers several guidelines.

Families must be financially independent, in good health, and have a private room available.

It often takes at least 45 days for processing the applications. Families will receive $168 for boarding the young people.

For further information phone 241-4300.

WATERCOLOR CLASS,

An outdoor weekend watercolor class taught by Richard Yip is being sponsored by the San Jose Art League on Saturday and Sunday, April 22 and 23 for $8, one day, $15, both days.

For more information, phone 294-4545.

MEN'S CLUB

The Foothill Men's Garden Club will hold their annual garden sale under the Pagoda at the PruneYard on Saturday, April 22. For sale will be plants and cut flowers grown by members, while pumpkin seeds and sunflower seeds will be given free to children.

A for your thoughts

by Edith R. Bonnet

THE BLIND CAN'T SEE, THE DEAF CAN'T HEAR

Anyone who knows me well, knows I hold stubbornly different views about some things than most of my acquaintances. Sometimes its an uphill fight to hold out against their clear logic.

I can't tell you how many times I've been called an unrealistic idealist. It is usually said with a friendly tolerance, occasionally with a less friendly air of superiority. Neither one impresses me much.

It's hard to see what's so great about being realistic all the time. If being realistic means being so suspicious of people you don't agree with, that you are afraid to even talk to them, then I'd rather be idealistic and take the chance.

If it's realistic to walk around in fear of every stranger and keep all the doors locked like a prison, then I'd rather take a chance and be naive.

Sometimes we form our own prisons. If it is realistic living in an all-white, all-right neighborhood with segregated eyes, and having schools with first grade primers which are about as unrealistic as you can get (unless you figure the whole world is white, has blonde hair, has a dad with sandy hair and a grey business suit, who arrives on the scene promptly at 5 p.m., and spends every Sunday at Grandma's house for dinner) then I'll take idealism any day.

Yes, I'm a WASP, too! But I'm not always proud of it. And I'm realistic enough to want my kids to know that there's a great bit world out there, full of people of every color, every religion, every economic class imaginable, and they are all "all-right."

It's unrealistic for me to teach them that they are better than everyone else, (which is exactly what we do try to say, no matter how we disguise it.) Well, I'm sorry, all you die-hard realists. Sure, I have to be realistic a lot of the time—but I prefer my starry-eyed idealism, and the hope I see in it for constructive change, to realism that is blind and deaf, any day!

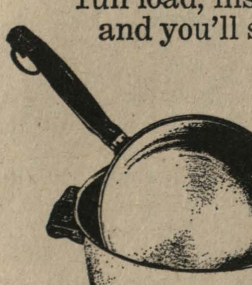
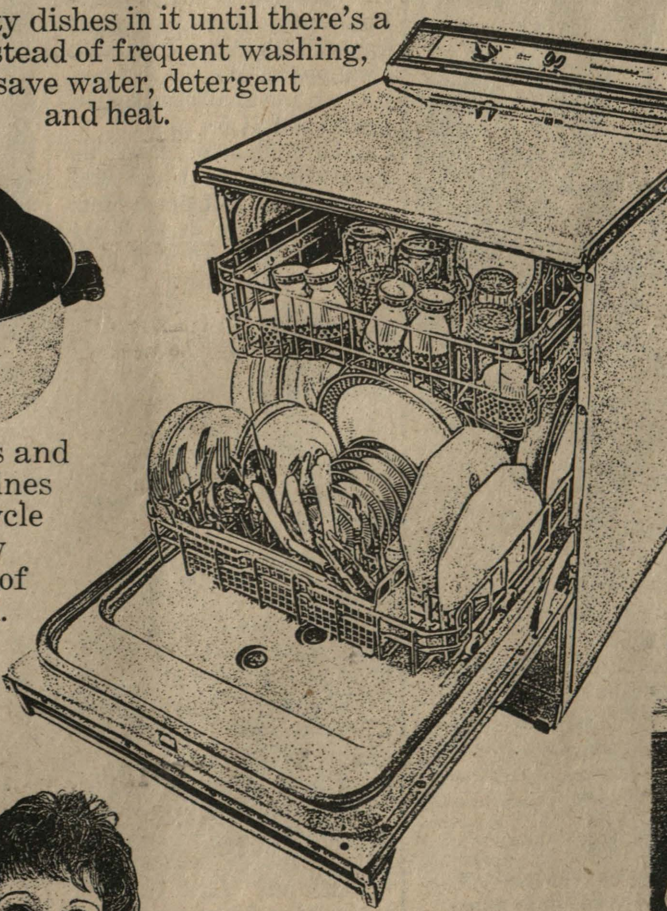
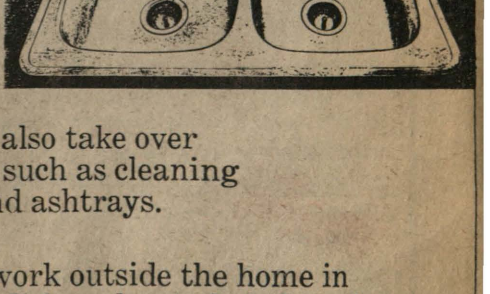
How to get the most out of a dishwasher:
Hold dirty dishes in it until there's a full load, instead of frequent washing, and you'll save water, detergent and heat.





Let it clean pots and pans. New machines have a special cycle to remove heavy accumulations of grease and food.
Sanitize baby bottles, dishes, pots and silverware in it, since it uses hotter water than your hands can stand (because it dries, too, there are no dirty dishtowels).

Store dirty dishes in it—out of sight—instead of in your sink.



Use the "dry" or "warm" setting to warm dishes.

A dishwasher can also take over miscellaneous chores such as cleaning light fixtures and ashtrays.
Women who work outside the home in particular rely on a dishwasher to help keep house. The cost of about three cents a day to run one is a bargain. PG and E

High school kids tackle Broadway musical

by Jeanie Harris &
Doreen Henner

"Bye, Bye, Birdie," the musical comedy hit that ran on Broadway for 18 months in 1960 and 1961, will be presented by Campbell High School at the Campbell High Auditorium at 8 p.m. on May 11, 12 and 13.

This is the exuberant extravaganza that spoofs teenage frenzies over rock 'n' roll with so much affection that Life Magazine said of it: "If attendance were compulsory for the nation's adolescents and their hand-wringing parents, it might make them all feel better by giving them a good laugh at themselves."

The "Birdie" of the title is an Elvis Presley-like song-bird –to be portrayed by Pat Rodda–whose imminent induction into military service sets the plot in motion.

Mike Powers will play the part of the army-bound minstrel's manager who is desolated with loss of his meal-ticket until his secretary, to be played by Sindy McKay, thinks up a publicity stunt.

This is to choose from an index-card file of Birdie's idolatrous fans a typical American girl who will have the honor of being given the star's last kiss before he goes into uniform.

The girl selected is a high school miss in Sweet Apple, Ohio, and when the gyrating singer, his managers and various television technicians descend on this little community to record the farewell kiss for the Ed Sullivan show, the town goes mad.

In particular, Birdie's visit makes a shambles of the home of the dungareed miss chosen for the kiss, and causes her father–portrayed by Steve DeOrnellas–to sing the wry song entitled "Kids" that was one of the show's biggest hits during its long New York run, in which he plaintively admits, "I don't know what's wrong with these kids today."

Among the other outstanding song numbers sung by teen-age Sherree Young, "How Lovely to Be a Woman," while she is pulling on Argyle socks and zipping up her jeans.

There are also the cheerful "Put on a Happy Face," the sarcastic anthem to Ed Sullivan called "Hymn for a Sunday Evening," a lilting soft-shoe sort of song "What Did I Ever See in Him?" and "Spanish Rose," an hilarious take-off on every castanet-accented ditty that ever was.

The show also contains the famous Telephone Hour number in which a batch of teenagers are caught in a polyphonous exchange of phone calls.

TEEN IDOL--Pat Rodda portrays an Elvis Presley-like singer in the musical comedy, "Bye Bye Birdie," which will be performed by Campbell High students at 8 p.m. Thursday through Saturday, May 11, 12 and 13 in the school's auditorium.

The score by Charles Strouse and Lee Adams also includes two uproarious instances of Birdie himself huskily voicing some idiotically-worded lampoons of the kind of songs that made Presley famous, or vice-versa.

"Bye, Bye, Birdie" is a dancing show as well as a singing show. Sindy McKay will follow the pattern set in the New York run of the show by Chita Rivera in dancing a wishful dream ballet, "How to Kill a Man," and the famous "Shriners Ballet," in which she steams up a dinner party of a group of Shriners–a number that particularly took the fancy of New York critics.

No songs will fall to the lot of Annette Chiaramonte, except a brief warble of "Anchors Aweigh," but she has the show's main comic assignment–that of the theatrical manager's possessive mother, who resorts to hilarious tricks to keep her 33-year-old sonny-boy from rushing at last into a marriage with his secretary which she's been able to delay for eight years.

John R. Hall is directing this high-spirited musical fantasy about crazy teen-agers and love-struck adults; Marie Stinnett is staging the dances, and Bill Perkins is serving as musical director.

THANK YOU. . . .

To all who worked so hard to assure my election to the Campbell City Council. I'll do my best to justify your confidence in me.

To all who worked for the election of any candidate. Because of your dilligence you may be certain good government will continue to flourish in Campbell.

To everyone who has expressed a spirit of unity to work to build a better community. Now–more than ever–I need your help to deliver on the promises made during the campaign. We will complete the unfinished business that is before us. We must work to expand our efforts to bring government closer to the people.
